

## **Angel Heart Theatre performed arctic themed puppet show 'Marlena's Dream' for children at Yeovil College Children's Centre on 2 February**

Local pre-school children were invited to watch the show. Over 100 children visited from Oaklands Childrens Centre, Park School Nursery, St Gildas' Catholic Junior School and Yeovil College Children's Centre.

Yeovil College worked with Take Art, a pioneering arts charity, to host Angel Heart Theatre Company's performance of Marlena's Dream for the children. Learners from Sport, Early Years and Performing Arts contributed by assisting the children to the puppet show and throughout on the Yeovil College campus.

Michelle Hobson, Manager of Yeovil College Children's Centre, said, 'The show was amazing and all the children were thoroughly engaged for the whole hours entertainment'.

The children thoroughly enjoyed the show and were excited to experience a day at the college and even got to ask questions of the puppeteers in a question and answer session after the performance. James Richardson and Felicity Hollow, the two performers and puppeteers, said "A wonderful day out at Yeovil College, great fun performing for the kids".
