*Approved by SMT - 23 January 2018*

Higher Education tuition fees are reviewed annually and set by the Senior Management Team to take account of market conditions, inflation and Government policies and are payable by all students registering for a higher education programme for the first time or progressing to another programme with Yeovil College University Centre. Any increase will be in line with the Consumer Price Index (CPI). The CPI value will be as at 1 April each year.

The College does not intend to increase the tuition fees of continuing learners who remain on the same programme.

Note: current CPI is 2.7% (16 Jan 18 released)
